

# Certificate of Analysis

|                          |                                          |                                |                                         |
|--------------------------|------------------------------------------|--------------------------------|-----------------------------------------|
| <b>Product Name</b>      | PE-Cy5 Tandem Dye Antibody Labeling Kits |                                |                                         |
| <b>Cat.No.</b>           | P601125L                                 | <b>Storage Conditions</b>      | Keep sealed at -20°C<br>away from light |
| <b>Lot.No.</b>           | 220126Z01-03                             | <b>Expiration Date</b>         | 25-01-2024                              |
| <b>Molecular Formula</b> | N/A                                      | <b>Molecular Weight</b>        | N/A                                     |
| <b>CAS Number</b>        | N/A                                      | <b>Excitation<br/>Emission</b> | N/A                                     |

## Quality Control

| Items                | Specification                                                                                 | Result |
|----------------------|-----------------------------------------------------------------------------------------------|--------|
| Packaging appearance | Intact and undamaged                                                                          | Pass   |
| Appearance           | A: Purple dry powder<br>B: Colorless crystal<br>C: Colorless solution<br>D: Adsorption column | Pass   |
| Weight/volume        | A: 1 vial<br>B: 1 vial<br>C: 100μL-106μL<br>D: 2 each                                         | Pass   |

## Appendix

This Product has been tested and the components have been found to conform to UE quality standards.

| Conclusion | Up to standard                       | Report Date | 23-03-2022                      |
